

SOLAR FOR SCHOOLS

Grant Program (H.B. 1032)

Let's urge the *Senate Committee on Community, Economic and Recreational Development* to **move this bill OUT of committee for a VOTE!**

FALL POSTCARDING

As the 2023-24 school year begins, **we are postcarding in support of HB 1032, which will establish the Solar for Schools Grant Program.** Purpose: to expand the use of solar energy at school facilities in PA to achieve the following benefits:

- help schools reduce their present and future energy costs;
- increase the resiliency of school energy systems;
- help schools reduce their emissions of carbon dioxide and other pollutants;
- grow employment through good-paying jobs in the solar industry; and
- maximize the Inflation Reduction Act's solar energy investment tax credit for PA.

The Ask: This bill has passed the House and is currently in the Senate Committee on Community, Economic and Recreational Development. **Please write to the members of this committee asking them to move this bill out of committee for a vote. Committee members are: R. Brown, K. Ward, F. Farry, D. Laughlin, M. Regan, D. Robinson, P. Stefano, G. Yaw, L. Boscola, J. Dillon, W. Fontana, and N. Miller. Please plan to mail these cards ASAP and no later than September 18.** If any of these legislators are yours, mention you're a constituent.

Suggested message: Please help move HB1032 the Solar for Schools Grant Program out of committee and to the Senate for a vote. It will benefit our environment, create good jobs, and reduce costs for PA taxpayers.

THANK YOU!
